HOW WILL THE CLERKS GET BACK?

CHANGE IN ARMY TRANSPORT RULE LEAVES SOME LOCAL MEN STRANDED ON COAST.

The new rule against the use of army transports for ordinary employees of the government here may work a considerable hardship on some Honolulu men who are now on the mainland and who went on transports expecting to return in the same way. There are several Post Office employees now in the States who went on transports and expected to return on transports, but their right to do so has suddenly been cut off. The difference in fares is a matter of nearly \$70 and it is thought that some of the absentees will be up against it when they try to start back. Many of them will have figured out their vacation expenses on the basis of an \$8 trip back on a transport, and it will be a severe jolt to find that they have to pay \$75 for fare. Postmaster Pratt would not be surprised if he suddenly receives several frantic cable touches.

BOARD CANNOT AGREE

LIQUOR ARBITRATION IN WAIMANUWA WINE CO. CASE CALLS FOR ANOTHER HEARING.

The Board of Arbitration selected to settle the Waimanua Wine Company's application for a liquor license held another session this morning in the Throne room, at the end of which it appeared that the Board, by a majority, is deciding in favor of the applicant. W. O. Smith, J. W. Cathcart and A. McBryde constitute the Board, and Smith is the minority so far, apparently having reached the conclusion that there should be more taking of evidence.

At the last meeting of the Board it was shown that there was a protest against the license, signed by a majority of the registered voters of the precinct concerned, also that 13 of the signers had sent in affidavits to the effect that their signatures to the petition were on the same either through fraud or misunderstanding. Taking away 13 names would make the petition have considerably less than a majority of the voters, and hence it was claimed that the protest was void. W. O. Smith had the meeting called this morning with a view to considering the question of taking further testimony. He expressed the view that the signed protest was to be presumed as valid and the signatures thereon were presumptively genuine and valid. R. W. Breckons appeared for the company and Deputy Attorney General Milverton and Treasurer Campbell were present for the government.

Smith and Cathcart did not agree on the question of further evidence, and the arbitrators finally went into executive session to consider the matter. At the close of their conference they announced that the matter would be decided on Monday. Smith remarked that the Board, by a majority, would decide in favor of the applicant.

The Waimanua Wine Company is the concern represented by C. W. Spitz, who was also present at the hearing this morning. Its application for a license has been held up a month or so by the protest now practically declared to be void, and the company has had to close its doors since July 1.

H. A. C. VS. OAHU H. A. C. WINS

Innings 123456789

Oahu 000100000 - 1
H.A.C. 10401040 - 10

There was a big crowd at the baseball games this afternoon, and the Honolulu Athletic Club team was given an ovation when it entered the field. The "late unpleasantness" stimulated the crowd apparently to loud applause of the team that had been accused, and again they were loudly cheered when play was called.

FIRST INNING.

Oahu went to bat first, and with Joy as pitcher, the Honolulu were on their mettle at once. Davis was struck out by Joy and the H. A. C. men looked happy. Then Hampton struck out also. Evers walked to first, but White struck out, ending the innings for Oahu, with no runs.

En Sue flew out to left. Fernandez was caught out at third. Jimmy Williams hit to pitcher, who threw wild to first, and Williams made a home run of it, while a lot of fire-crackers were set off in the bleachers by way of celebration. Louis was put out at first, ending the inning.

Score, H. A. C. 1; Oahu, 0.

SECOND INNING.

Ringland hit to second and made

first safe. Vannatta hit to third and En Sue threw to second and forced Ringland out. Vannatta made first. Kia struck out. Gorman flew out. Side out, no runs.

Aylett flew out to center and Joy took the bat. Joy got a great send-off from the grand stand, and was wildly cheered again when he made first. A. Williams hit to third and Joy was forced out at second, while Williams made first. Soares hit to third and Williams was forced out.

Score, H. A. C. 1; Oahu, 0.

THIRD INNING.

McQuaid got a safe hit to center and then made second on a passed ball, with Davis at bat. Davis struck out. Hampton was hit by Barney and walked. Evers hit to pitcher and died at first. White hit to short and made the same way.

Gleason began for the H. A. C. by hitting to third, but he was thrown out at first. En Sue hit to pitcher and got safely to first. He then stole second. Fernandez struck out. Jimmy Williams made a safe hit to left field. Louis got a three-bagger to left and En Sue and Williams both came home. Aylett brought Louis home by a safe hit to right and then Barney Joy hit to center and made first. Williams hit safe to right and Aylett got home. Williams stole second. Soares flew out at second. Four runs for H. A. C. Score, H. A. C. 5; Oahu, 0.

TO SEARCH FOR ISLAND GUANO

IMPORTANT EXPEDITION COMING TO THE VICINITY OF THE HAWAIIAN ISLANDS VERY SOON.

The British Guano Company of which J. T. Arundel is the head, is to exploit the islands located to the westward of the Hawaiian group. The survey of the islands is to be made for the purpose of determining whether there are deposits of phosphates.

The S. S. Promise owned by the same Norwegian concern that operates the Progress, has chartered the Promise to the Arundel concern for a year. The Promise was to go to Sydney from Ocean Island and then back to Ocean Island and then come north to visit the other islands. She will probably go to Lisiansky, Laysan and other islands in that chain. She may call here.

LABORER FALLS KILLED INSTANTLY

MANUEL MARQUES FALLS FROM SECOND STORY OF HARRISON'S BUILDING AND IS KILLED.

A Portuguese laborer by the name of Manuel Marques fell from the second floor of Fred Harrison's new building this morning at 9:35 o'clock and was killed instantly.

How the man happened to fall is at present a mystery. He was employed on the building as an elevator boy and had no work that called him to the side of the building where he fell. He evidently ran over there to call some one and stepped off without knowing just where he was. He fell a distance of about sixteen feet and striking on his head was instantly killed. No one saw him fall and the first that was known of the accident was when one of the men working near happened to see him lying on the ground. Dr. Wood was immediately summoned but the man was dead when the Doctor arrived.

The deceased was a man about 45 years of age and lived with his family, consisting of a wife and four children, on Liliha street just back of the Insane Asylum. He was a member of the Lusitana and San Martinho Beneficial Societies of the Portuguese.

Fred Harrison stated that the man had been in his employ most of the time for the past ten years. He had always known him to be a steady reliable man and trustworthy.

A jury was immediately summoned consisting of G. E. Sabin, Frank Godfrey, J. H. Richards, H. Crabbe, William Kanpa and J. Pol. They were driven to the scene of the accident and then to the morgue where the remains had been taken. The inquest will be held this evening at 7:30 o'clock.

G. D. Chesshirt of San Francisco arrived with his wife on the Alameda for a visit here.

THE EDITOR OF THE RED FUNNEL

IS RETURNING BY THE AORANGI FROM A TRIP TO ENGLAND. NEW ZEALAND'S LOSS.

A. A. Brown, editor of the Red Funnel, the New Zealand monthly magazine, which has made such a hit, is returning by the Aorangi from a trip of several months throughout England, Scotland and the United States, in the interests of his magazine. He reports a very successful trip.

The death of Premier Seddon, he regards as a severe blow to New Zealand. It was Seddon's genius, in his opinion that made New Zealand the prosperous country that it is. Mr. Brown was present at the great service in St. Paul's, London, in memory of Richard Seddon.

KUHIO AND ROBERTSON

THE NATURE OF THE REPUTED "PROMISE" THAT KUHIO WOULD NOT RUN AGAIN.

A. G. M. Robertson's denial that Prince Cupid had ever made a pledge to him that he would not run for Congress again was a subject of considerable discussion about town today. It is in line with a statement in The Star several months ago, to the effect that Robertson was not one of those who claimed that there was any such promise in existence. At the same time there was ground for the reports of a pledge, in the fact that Prince Cupid, just after he was last elected, renounced the idea of a third term and in an informal way declared that "Aleck" should be the next man. Robertson disclaimed that there was any pledge was nevertheless a surprise to many of his friends, who have accepted the reports indicating that there is a bargain. Robertson's attitude removes a possibility of some opposition to Cupid in the Republican convention and makes his nomination more certain than ever, though it were practically assured anyhow, no matter what was the attitude of Robertson.

THE ANSWER TO SEEKERS FOR LAND

SAMPLE REPLY SENT BY LAND COMMISSIONER PRATT TO AN INQUIRER WHO WANTS INFORMATION AS TO WHAT LANDS ARE AVAILABLE FOR SETTLEMENT HERE—THE CHANCES FOR A "SMALL FARMER" SET FORTH.

Here are a sample letter and reply from here regarding the matter of public lands available for settlement in Hawaii, the letter having been addressed to Secretary of the Territory Atkinson and the answer written by Land Commissioner Pratt, sent by the Secretary:

"Dear Sir: Would like to know regarding lands under the Kohala ditch which has just been completed, what are price of lands, terms given, approximate cost of preparing lands for cultivation, cost of water per acre, also mention principal staple crops grown, any information you may have at hand will be thankfully received by yours truly."

"P. S.—What are principal fruits, ve-

getables etc., that you export to this territory.

The reply by Land Commissioner J. W. Pratt is as follows:

"Dear Sir: Secretary Atkinson having referred your letter of June 23rd to this Department for answer I will state that Government owns but small area of arable land below line of Kohala ditch. The aggregate area of all of the arable remnants will not exceed say 2000 acres.

"The cash value of the land being about \$60 per acre, the cost to settlers would be about \$10 per acre. A good portion of the land having been planted in sugar cane under the old leases, truly."

TROUBLE FOR THE BAD-LIQUOR MEN

THE NEW FEDERAL PURE FOOD ACT REACHES THE PROPOSITION OF ADULTERATING LIQUORS SOLD OVER BARS—IT WILL ALSO PROBABLY CAUSE CONSIDERABLE TROUBLE FOR ORIENTALS WHO ARE IN THE DRUG BUSINESS.

The cheap liquor men who are adulterating the booze they hand out will be up against the federal authorities as soon as the pure food bill, passed by Congress in the session just ended, goes into effect. The Japanese and Chinese drug stores here will also have considerable trouble.

Under the new law any person who sells a liquor that is not just what its label declares it to be, is liable to prosecution. It will be up to District Attorney Breckons, therefore, to go after the booze adulterators, of which there have been reported lately to be very many in business. In fact, recent complaints from the country districts have been to the effect that many of the small liquor dealers were selling

very vile concoctions under the name of whiskey, and there have been similar reports of sale of bad liquor in the saloons of Kailua and Palama, where Chinese and Japanese have established all sorts of vile joints.

The trouble with the drug men will come from the fact that the law requires all who sell drugs to dispense only drugs that are up to the standard of the United States pharmacopeia. In other words every bottle or package will have to be up to the recognized standard quality and composition of the stuff called for by its label. The Chinese and Japanese are in the habit of selling their own drugs, which are of a different standard in many cases, hence they will probably have a lot of trouble meeting the new requirements.

MIKI SAITO STAYS LONGER

DATE NOW FIXED FOR HIS RETURN TO HONOLULU IS SEPTEMBER 25.

News from Japan by the Manchuria is to the effect that Consul Miki Saito is to return here in about two months, and will probably be on the Nippon Maru, arriving here September 25. In this connection it is reported that his decision to stay a bit longer in Japan has something to do with the trip of Attorney Frank E. Thompson, Saito having it is said, remained over after deciding to start back, in order to be at hand to see Thompson and consult with him regarding the latter's business.

Saito, it is stated, has taken up with the imperial government the matter of immigration to Hawaii, and some new arrangement has been discussed. According to one report Thompson's business in the Far East is the settlement of this matter for plantation interests here.
